European Journal of Anaesthesiology 1987, **4**, 458–466

Subject index

Acid aspiration, pulmonary, prophylactic use of gastrozepin (Callander, Humphrey, *et al.*), 149
Acidosis (uraemic metabolic), the effect on tissue pH of therapy in rats (Rothe & Heisler), 269
Acupuncture as an anti-emetic (Dundee, Ghaly, *et al.*), 70 (Abs)
Adrenergic receptors, effect of halothane on (Marty, Nimier, *et al.*), 71 (Abs)
Alcuronium, effect on pseudocholinesterase activity in dogs (Stathopoulou, Papadimitriou, *et al.*), 61 (Abs)
Alfentanil infusion, pharmacokinetics and pharmacodynamics in man (O'Connor, Prys-Roberts, *et al.*), 187
, versus fentanyl for two-hour anaesthetic procedures (Sold & Weis), 337
, biphasic effect in pigs (Papadimitriou, Maravelias, *et al.*), 75 (P)
, influence on haemodynamics during induction of anaesthesia (Janik, Dick, *et al.*), 76 (P)
Anaesthetic equipment failure as cause of anaesthetic morbidity and mortality: French national survey (Desmonts), 200
, failure of, incidence of mortality and morbidity (Sykes), 198
, safety of, current approach of manufacturers (Frankenberger), 215
, standards for (Thompson), 209
Anaesthetic machine function, monitoring (Sykes), 222
Analgesia by low dose fentanyl, modification by calcium channel blockers (Boldt, Von Bormann, *et al.*), 387
Anexate, effect on reversing effects of flunitrazepam (Jensen, Kirkegaard, *et al.*), 113
Anti-emetic effect of acupuncture (Dundee, Ghaly, *et al.*), 70 (Abs)
Atmospheric pollution during bronchoscopy, influence of scavenging (Sorensen & Thomsen), 281
ATP deprivation, effect on immune response to anaesthetic agents (Ferrero, Marni, *et al.*), 78 (P)
Atracurium infusions in major ophthalmic surgery (Hunter, Kelly, *et al.*), 9
, a new infusion design for (Ostergaard, Engbaek, *et al.*), 87
, dose requirements for infusion in intensive therapy (Flynn, Yate, *et al.*), 60 (Abs)
, effect on pseudocholinesterase activity in dogs (Stathopoulou, Papadimitriou, *et al.*), 61 (Abs)
, effect on rat neuromuscular junction (Wali & Suer), 45
, haemodynamic effects of, in patients with cardiac ischaemia (Renzy-Martin, Thompson, *et al.*), 63 (Abs)
, post-operative morbidity in day-case laparoscopy (Sengupta, Skacel, *et al.*), 93
, time constant of single-twitch decay during induction of neuromuscular block (Romano & Molassi), 303
Atropine, influence on haemodynamics during induction of anaesthesia (Janik, Dick, *et al.*), 76 (P)

Bain circuit, effect of HME on carbon dioxide equilibrium during mechanical ventilation (Romano, Gullo, *et al.*), 183
Benzodiazepines, antagonism of midazolam (Boularan, Calvet, *et al.*), 72 (Abs)
Beta-adrenergic receptors, effect of halothane on density and affinity (Marty, Nimier, *et al.*), 71 (Abs)
Biological electromagnetic fields, detection by photography (Antic), 74 (P)
Blood loss, peri-operative, influence of diclofenac (Bricker, Savage, *et al.*), 429
Blood warmer (Portex coil) (Healy), 225 (C)

European Journal of Anaesthesiology 1987, **4**, 458–466

Book reviews
600 MCQs in Anaesthesia: Clinical Practice (Simpson & Goodman), 300
A History of the Nuffield Department of Anaesthetics, Oxford, 1937–1987 (Beinart), 450
Acute Pain Management (Cousins & Phillips), 82
Anaesthetic Management of Carotid Endarterectomy (Jenkins & Wong), 452
Anesthesia and Uncommon Pediatric Diseases (Katz & Steward), 452
Anesthesia (Miller), 226
Clinics in Anaesthesiology, Obstetric Analgesia and Anaesthesia I and II (Ostheimer), 84
Clinics in Anaesthesiology, Paediatric Anaesthesia (Sumner & Hatch), 81
Clinics in Anaesthesiology, Preparation for Anaesthesia (Stevens), 157
Current European Anaesthesiology (Jones), 159
Epidemiology in Anaesthesia (Lunn), 227
Essential Anaesthesia (Ellis & Campbell), 299
Geriatric Anaesthesia (Eds Stephen & Assaf), 227
Intensive Care—A Concise Textbook (Hinds), 386
Intensive Care Medicine (Rippe, Irwin, Alpert & Dalen), 225
Lecture Notes on Anaesthetics (Lunn), 299
Neurosurgical Anaesthesia and Intensive Care (Campkin & Turner), 451
Obstetric Anaesthesia and Analgesia (Moir & Thorburn), 83
Oxygen Transport in the Critically Ill (Snyder & Pinsky), 385
Parenteral and Enteral Nutrition (Phillips & Odgers), 157
Pharmacologie en Pratique Anesthesique (Duvaldestin), 300
Resuscitation (Brooks), 82
The Anesthetic Management of Difficult and Routine Pediatric Patients (Berry), 158
Brain lesions, cause of haemodynamically independent pulmonary oedema (Cunitz & Singbartl), 65 (Abs)
Bronchoscopy and nitrous oxide pollution (Sorensen & Thomsen), 281
Bupivacaine and fentanyl mixture for extradural blockade, effect on haemodynamic responses and pain (Rucci, Trafficante, *et al.*), 16
, by epidural route for major surgery in young children (Murat, Delleur, *et al.*), 327
, interaction with verapamil on cardiovascular function in dogs (Edouard, Froidevaux, *et al.*), 249

Caesarean section, post-operative pain relief with epidural morphine or fentanyl (Blanco, Blanco, *et al.*), 395
Calcium antagonists, effect on hormonal release following haemorrhage (Pollard, Tait, *et al.*), 74 (P)
, effects on sympathetic response to acute haemorrhagic shock (Pollard, Fletcher, *et al.*), 369
Calcium channel blockers, and regional myocardial function (Foex), 56 (Abs)
, in hypertension (Prys-Roberts), 55 (Abs)
, clinical interactions (Jones), 57 (Abs)
, modification of fentanyl analgesia in cardiac surgery (Boldt, Von Bormann, *et al.*), 387
, pharmacology of (Tamargo), 55 (Abs)
Calcium, indications for during cardiopulmonary resuscitation (Scheidegger, Barth, *et al.*), 68 (Abs)
, ionized, levels during liver transplantation (Ickx, Walker, *et al.*), 421
Captopril pre-treatment, hormonal response during SNP-induced hypotension (Jacob, Bonnet, *et al.*), 101
Carbon dioxide equilibrium in the Bain circuit, effect of HME during mechanical ventilation (Romano, Gullo, *et al.*), 183
, response in children anaesthetized with halothane, enflurane or isoflurane (Lindahl & Johannesson), 313

Cardiopulmonary resuscitation, indications for calcium (Scheidegger, Barth, *et al.*), 68 (Abs)
Cardiovascular function, interaction of verapamil and bupivacaine in conscious dogs (Edouard, Froidevaux, *et al.*), 249
, response to intubation, effect of ketanserin (Murray & Daniel), 401
Cell-mediated immunity, effect of neuroleptanaesthesia (Koenig, Koenig, *et al.*), 25
, effects of halothane-nitrous oxide anaesthesia (Koenig, Koenig, *et al.*), 17
Cellular immune system, effect of anaesthetics and ATP deprivation (Ferrero, Marni, *et al.*), 78 (P)
Cerebral complications of induced hypotension (Enderby), 81 (C)
Cimetidine, comparison with gastrozepin as prophylaxis against acid aspiration (Callander, Humphrey, *et al.*), 149
Clonidine, epidural use in post-operative pain relief (Nalda & Gonzalez), 66 (Abs)
Corona discharge, detection by high frequency photography (Antic), 74 (P)
Coronary artery disease, calcium channel blockers in (Prys-Roberts), 55 (Abs)
Cyst of the larynx as a cause of obstruction associated with chronic bronchitis (Bell, Hasselstrom, *et al.*), 293

Dantrolene, electrophysiological effects on canine heart (Roewer, Kuck, *et al.*), 357
DBcAMP (dibutyryl cyclic AMP), use to control hypertension (Sugai, Sugai, *et al.*), 161
Dental extractions, oral nalbuphine in (Kay, Lindsay, *et al.*), 62 (Abs)
Dibutyryl cyclic AMP, control of hypertension with (Sugai, Sugai, *et al.*), 161
Diclofenac, versus pethidine after hysterectomy (Carlborg, Lindoff, *et al.*), 241
, effect on peri-operative blood loss during resection of the prostate (Bricker, Savage, *et al.*), 429
Diltiazem, effects on sympathetic response to acute haemorrhagic shock (Pollard, Fletcher, *et al.*), 369
Dose-response curves, comparison of single and cumulative doses of tubocurarine and pancuronium (Gibson & Mirakhur), 143
Dysrhythmia, induced by ketamine and its antagonism (Faithfull, Poelman, *et al.*), 287
, protection by fentanyl during induction (Lindgren, Saarnivaara, *et al.*), 229

ECG changes, protection by fentanyl against during induction (Lindgren, Saarnivaara, *et al.*), 229
, effects of dantrolene on canine heart (Roewer, Kuck, *et al.*), 357
Edrophonium or neostigmine in antagonism of pancuronium and tubocurarine block (Mirakhur), 411
Elderly patients, pharmacokinetics of midazolam in (Servin, Enriquez, *et al.*), 1
EMLA (eutectic mixture of local anaesthetics) cream and pain of venepuncture (Cooper, Gerrish, *et al.*), 441
Enflurane and halothane metabolite elimination during anaesthesia (Imbenotte, Erb, *et al.*), 175
, halothane and isoflurane, effects on CO_2 response, respiratory drive and timing (Lindahl & Johannesson), 313
ENT surgery, high frequency jet ventilation in (Donnadieu, Chanu, *et al.*), 69 (Abs)
Epidural, anaesthesia in young children for abdominal surgery (Murat, Delleur, *et al.*), 327
, anaesthesia versus general anaesthesia, effect on blood loss and haemodynamics in total hip replacement (Modig & Karlstrom), 345
, analgesia with morphine or fentanyl for post-Caesarean section pain (Blanco, Blanco, *et al.*), 395

, clonidine for post-operative pain relief (Nalda & Gonzalez), 66 (Abs)
, fentanyl and bupivacaine mixture, effect on haemodynamic responses and pain (Rucci, Trafficante, *et al.*), 167
, pentazocine in post-operative pain (Cardan, Ionescu, *et al.*), 77 (P)
Equipment standards in anaesthesia (Thompson), 209
European Diploma in Anaesthesiology, Part I, September 1986–Results, 156
, Part II, June 1986—Results, 155
, Part II, June 1987—Results, 383
Exercise, effect of low dose of pancuronium on oxygen consumption in (Mantz, Leroy, *et al.*), 235

Fentanyl analgesia, modification by calcium channel blockers in cardiac surgery (Boldt, Von Bormann, *et al.*), 387
, versus alfentanil for two-hour anaesthetic procedures (Sold & Weis), 337
, with bupivacaine for epidural anaesthesia, effects on haemodynamic responses and pain (Rucci, Trafficante, *et al.*), 167
, comparison with morphine epidurally for post-caesarean section pain (Blanco, Blanco, *et al.*), 395
, influence on haemodynamics during induction of anaesthesia (Janik, Dick, *et al.*), 76 (P)
, plasma concentrations during neuroleptanalgesia (Lehmann), 60 (Abs)
, protection by, against dysrhythmias during induction (Lindgren, Saarnivaara, *et al.*), 229
Flunitrazepam versus temazepam as premedication (Irjala, Kanto, *et al.*), 435
, reversal of central effects with Ro 15-1788 (Jensen, Kirkegaard, *et al.*), 113

Gastrozepin, prophylaxis against pulmonary acid aspiration (Callander, Humphrey, *et al.*), 149
General anaesthesia versus epidural anaesthesia, effect on blood loss and haemodynamics in total hip replacement (Modig & Karlstrom), 345
Grass FTO3 transducer (Hunter & Jones), 385 (C)
, (Sosis), 385 (C)

Haemodynamic effects of atracurium in patients with cardiac ischaemia (Renzy-Martin, Thompson, *et al.*), 63 (Abs)
, effects of epidural versus general anaesthesia for total hip replacement (Modig & Karlstrom), 345
, responses to tourniquet pain, effect of extradural fentanyl and bupivacaine mixture (Rucci, Trafficante, *et al.*), 167
Haemorrhage, acute, effect of calcium antagonists on hormonal release (Pollard, Tait, *et al.*), 74 (P)
Haemorrhagic shock, effect of calcium antagonists on sympathetic response to (Pollard, Fletcher, *et al.*), 369
Halothane, anaesthesia prolonged, hepatic function in (Jantzen & Klein), 59 (Abs)
, and enflurane metabolite elimination during anaesthesia (Imbenotte, Erb, *et al.*), 175
, effect on beta-adrenergic receptors (Marty, Nimier, *et al.*), 71 (Abs)
, enflurane and isoflurane, effects on CO_2 response, respiratory drive and timing (Lindahl & Johannesson), 313
, –nitrous oxide anaesthesia, effect on cell-mediated immunity (Koenig, Koenig, *et al.*), 17
Heat and moisture exchanger (HME), effect on carbon dioxide equilibrium in the Bain circuit (Romano, Gullo, *et al.*), 183
Hepatic function following prolonged isoflurane or halothane anaesthesia (Jantzen & Klein), 59 (Abs)
High frequency, and jet ventilation, Symposium titles, 58
, jet ventilation for ENT surgery (Donnadieu, Chanu, *et al.*), 69 (Abs)

, jet ventilation, factors determining gas flow (Cros, Guenard, *et al.*), 71 (Abs)
, ventilation, efficiency of humidification in (Kilian & Hirlinger), 68 (Abs)
Hip replacement, influence of epidural and general anaesthesia on blood loss and haemodynamics (Modig & Karlstrom), 345
HME (heat and moisture exchanger), effect on carbon dioxide equilibrium in the Bain circuit (Romano, Gullo, *et al.*), 183
Honorary Diploma, Herr Rudolf Jansche, 301
Hormonal release following acute haemorrhage, effect of calcium antagonists (Pollard, Tait, *et al.*), 74 (P)
Hormonal response, effect of captopril pre-treatment and sodium nitroprusside-induced hypotension (Jacob, Bonnet, *et al.*), 101
Humidification, efficiency of in high frequency ventilation (Kilian & Hirlinger), 68 (Abs)
Hypertension, calcium channel blockers in (Prys-Roberts), 55 (Abs)
, control with dibutyryl cyclic AMP (Sugai, Sugai, *et al.*), 161
Hypotension, induced cerebral complications of (Enderby), 81 (C,,
, SNP-induced, effect of captopril on hormonal response (Jacob, Bonnet, *et al.*), 101

Infusion, a new design for atracurium and vecuronium (Ostergaard, Engbaek, *et al.*), 87
Infusions of atracurium, in intensive therapy (Flynn, Yate, *et al.*), 60 (Abs)
, in major ophthalmic surgery (Hunter, Kelly, *et al.*), 9
Intensive care unit, incidence of pneumonia in (Di Nino, Corticelli, *et al.*), 73 (P)
Intensive therapy, atracurium infusions in (Flynn, Yate, *et al.*), 60 (Abs)
, need for, in acute methanol intoxication (Vickers & Revenas), 133
Intra-operative blood loss, epidural versus general anaesthesia (Modig & Karlstrom), 345
Intracardiac ECG effects of dantrolene intravenously (Roewer, Kuck, *et al.*), 357
Intrathecal morphine, reversal of effects on the bladder by physostigmine and naloxone (Drenger, Caine, *et al.*), 375
Intrathecal pethidine for perineal surgery (Acalovschi, Nicolaus, *et al.*), 69 (Abs)
Intubation, cardiovascular response to, effect of ketanserin (Murray & Daniel), 401
Ionized calcium during liver transplantation (Ickx, Walker, *et al.*), 421
Ischaemia, haemodynamic effects of atracurium (Renzy-Martin, Thompson, *et al.*), 63 (Abs)
Isoflurane anaesthesia, prolonged and hepatic function (Jantzen & Klein), 59 (Abs)
, enflurane and halothane, effects on CO_2 response, respiratory drive and timing (Lindahl & Johannesson), 313

Jet ventilation, high frequency, gas flow in (Cros, Guenard, *et al.*), 71 (Abs)

Ketamine, side effects of (Podlesch, Dahn, *et al.*), 67 (Abs)
,-induced dysrhythmia and its antagonism (Faithfull, Poelman, *et al.*), 287
Ketanserin, effect on the cardiovascular response to intubation (Murray & Daniel), 401

Laparoscopy, day-case, post-operative morbidity in (Sengupta, Skacel, *et al.*), 93
Laryngeal obstruction by cyst (Bell, Hasselstrom, *et al.*), 293
Laryngoscopy and sympathoadrenal response (Smith, Shribman, *et al.*), 61 (Abs)
Liver transplantation, ionized calcium levels during (Ickx, Walker, *et al.*), 421
Low output syndrome, treatment of after open-heart surgery (Rychter & Wara-Wasowski), 78 (P)

Lung microcirculation, quantification of particulate matter (Kalff, Franke, *et al.*), 79 (P)
Lymphocyte mitogenic stimulation, effect of neuroleptanaesthesia (Koenig, Koenig, *et al.*), 25
, effect of halothane-nitrous oxide anaesthesia (Koenig, Koenig, *et al.*), 17

Maintenance and safety check procedures (Kilian), 211
Major ophthalmic surgery, atracurium in (Hunter, Kelly, *et al.*), 9
Mechanical ventilation, effect of SIGH and PEEP on arterial oxygenation (Fassoulaki, Codeli, *et al.*), 67 (Abs)
Medical gas pipelines, problems of safety (Erny & Dabadie), 203
, safety of (Mondain–Monval), 220
Mellemgaard–Astrup equation, limitations in the treatment of severe metabolic uraemic acidosis in rats (Rothe & Heisler), 269
Meptazinol, pharmacokinetics when administered intravenously (Gepts, Sonck, *et al.*), 35
Metabolic uraemic acidosis, the effect on tissue pH in rats of therapy with infusions of bases (Rothe & Heisler), 269
Metabolites of halothane and enflurane, elimination during anaesthesia (Imbenotte, Erb, *et al.*), 175
Methanol, acute intoxication requiring intensive therapy (Vickers & Revenas), 133
Midazolam, premedication (Lanz, Schafer, *et al.*), 76 (P)
, anaesthetic and side effects (Podlesch, Dahn, *et al.*), 67 (Abs)
, intravenous, antagonism with other benzodiazepines (Boularan, Calvet, *et al.*), 72 (Abs)
, pharmacokinetics in the elderly (Servin, Enriquez, *et al.*), 1
Modelling, pharmacokinetic, of regional anaesthesia (Lauven & Stoeckel), 58 (Abs)
Monitoring anaesthetic machine function (Sykes), 222
Morbidity and mortality, due to anaesthetic equipment failure (Sykes), 198
, role of equipment failure: French national survey (Desmonts), 200
Morbidity, post-operative, associated with laparoscopy (Sengupta, Skacel, *et al.*), 93
Morphine, intrathecally, reversal of effects on the bladder by physostigmine and naloxone (Drenger, Caine, *et al.*), 375
, comparison with fentanyl epidurally for post-caesarean section pain (Blanco, Blanco, *et al.*), 395
, comparison with nalbuphine for post-orchidopexy pain (Wandless), 127
Mortality and morbidity, due to anaesthetic equipment failure (Sykes), 198
, role of equipment failure: French national survey (Desmonts), 200
Myocardial (regional) function, effect of calcium channel blockers on (Foex), 56 (Abs)

Nalbuphine for post-operative pain (Faithfull & Tolhurst-Cleaver), 450 (C),
, comparison with morphine for post-orchidopexy pain (Wandless), 127
, oral, after dental extractions (Kay, Lindsay, *et al.*), 62 (Abs)
Naloxone and physostigmine antagonism of effects of intrathecal morphine on the bladder (Drenger, Caine, *et al.*), 375
Natural killer (NK), cell activity in minor surgery (Tonnesen, Huttel, *et al.*), 119
Neostigmine or edrophonium in antagonism of pancuronium and tubocurarine block (Mirakhur), 411
Neuroleptanaesthesia, effect on lymphocyte mitogenic stimulation (Koenig, Koenig, *et al.*), 25
Neuroleptanalgesia, fentanyl plasma concentrations in (Lehmann), 60 (Abs)
Neuromuscular block, with pancuronium and tubocurarine, antagonism by edrophonium or neostigmine (Mirakhur), 411
, time constant of single-twitch decay during induction with atracurium (Romano & Molassi), 303

Neuromuscular junction of rat, effect of atracurium (Wali & Suer), 45
Nifedipine, effects on sympathetic response to acute haemorrhagic shock (Pollard, Fletcher, *et al.*), 369
, modification of fentanyl analgesia in cardiac surgery (Boldt, Von Bormann, *et al.*), 387
Nimodipine, modification of fentanyl analgesia in cardiac surgery (Boldt, Von Bormann, *et al.*), 387
Nitrous oxide, pollution during bronchoscopy (Sorensen & Thomsen), 281
, -halothane anaesthesia, effect on lymphocyte mitogenic stimulation (Koenig, Koenig, *et al.*), 17

Obstruction of the larynx due to cyst in chronic bronchitis (Bell, Hasselstrom, *et al.*), 293
Open-heart surgery, treatment of low output (Rychter & Wara-Wasowski), 78 (P)
Oxygen consumption, effect of pancuronium during exercise (Mantz, Leroy, *et al.*), 235
Oxygenation, in the recovery room, monitoring with pulse oximetry (Mertzlufft, Jansen, *et al.*), 64 (Abs)
, arterial, effect of SIGH and PEEP during mechanical ventilation (Fassoulaki, Codeli, *et al.*), 67 (Abs)

Pain relief, post-operative, with epidural clonidine (Nalda & Gonzalez), 66 (Abs)
Pain, post-operative, nalbuphine for (Faithfull & Tolhurst-Cleaver), 450 (C),
Pancuronium, antagonism of block by edrophonium or neostigmine (Mirakhur), 411
, dose–response curve of, comparison of single and cumulative dose techniques (Gibson & Mirakhur), 143
, effect of low dose on oxygen consumption during exercise (Mantz, Leroy, *et al.*), 235
, effect on pseudocholinesterase activity in dogs (Stathopoulou, Papadimitriou, *et al.*), 61 (Abs)
Papaveretum and hyoscine, comparison with temazepam for premedication (Goroszeniuk, Albin, *et al.*), 261
Particles, quantification in the lung (Kalff, Franke, *et al.*), 79 (P)
PEEP and SIGH, effect on arterial oxygenation (Fassoulaki, Codeli, *et al.*), 67 (Abs)
Pentazocine, epidurally in post-operative pain (Cardan, Ionescu, *et al.*), 77 (P)
Personality, influence of, on stress-induced variations in physiological variables (Grabow & Schilling), 77 (P)
Pethidine, versus diclofenac after hysterectomy (Carlborg, Lindoff, *et al.*), 241
, intrathecally for perineal surgery (Acalovschi, Nicolaus, *et al.*), 69 (Abs)
Pharmacodynamics and pharmacokinetics of alfentanil infusions in man (O'Connor, Prys-Roberts, *et al.*), 187
Pharmacokinetic modelling of regional anaesthesia (Lauven & Stoeckel), 58 (Abs)
Pharmacokinetics, and pharmacodynamics of alfentanil infusions in man (O'Connor, Prys-Roberts, *et al.*), 187
, of meptazinol intravenously during general anaesthesia (Gepts, Sonck, *et al.*), 35
, of midazolam, in patients over 80 years (Servin, Enriquez, *et al.*), 1
Photography, high frequency, detection of corona in paediatric anaesthesia (Antic), 74 (P)
Physostigmine and naloxone antagonism of intrathecal morphine, effect on the bladder (Drenger, Caine, *et al.*), 375
Pipeline gas delivery systems, problems of safety (Erny & Dabadie), 203
, the industrial approach to safety (Mondain-Monval), 220
Pneumonia in an intensive care unit (Di Nino, Corticelli, *et al.*), 73 (P)
Poisoning, acute, with methanol (Vickers & Revenas), 133
Pollution of the atmosphere with nitrous oxide during bronchoscopy (Sorensen & Thomsen), 281
Portex in-line blood warmer (Healy), 225 (C),

Post-operative, analgesia requirements, influence of alfentanil or fentanyl during anaesthetic of two-hours duration (Sold & Weis), 337
, blood loss, epidural versus general anaesthesia for total hip replacement (Modig & Karlstrom), 345
, morbidity in day-case laparoscopy (Sengupta, Skacel, *et al.*), 93
, pain relief, use of epidural clonidine (Nalda & Gonzelez), 66 (Abs)
, pain, diclofenac versus pethidine after hysterectomy (Carlborg, Lindoff, *et al.*), 241
, pain, nalbuphine for (Faithfull & Tolhurst-Cleaver), 450 (C),
, pain, use of epidural pentazocine (Cardan, Ionescu, *et al.*), 77 (P)
Premedication, with benzodiazepines, antagonistic effect on midazolam (Boularan, Calvet, *et al.*), 72 (Abs)
, with midazolam, oral, prior to regional anaesthesia (Lanz, Schafer, *et al.*), 76 (P)
, comparison of temazepam with papaveretum and hyoscine (Goroszeniuk, Albin, *et al.*), 261
, oral, temazepam versus flunitrazepam (Irjala, Kanto, *et al.*), 435
Proceedings of the European Academy of Anaesthesiology 8th Annual Meeting, June 1986, 55
Prolonged anaesthesia with isoflurane or halothane, effect on hepatic function (Jantzen & Klein), 59 (Abs)
Propofol, infusion combined with nitrous oxide-oxygen (Herregods, Rolly, *et al.*), 65 (Abs)
Pseudocholinesterase activity, effect in dogs after pancuronium, alcuronium and atracurium (Stathopoulou, Papadimitriou, *et al.*), 61 (Abs)
Psychological traits, influence on stress-induced changes in physiological variables (Grabow & Schilling), 77 (P)
Pulmonary acid aspiration, prophylactic use of gastrozepin (Callander, Humphrey, *et al.*), 149
Pulmonary oedema, haemodynamic independent in brain lesions (Cunitz & Singbartl), 65 (Abs)
Pulse oximetry, continuous monitoring in the recovery room (Mertzlufft, Jansen, *et al.*), 64 (Abs)
, in home monitoring of SIDS (Josten), 75 (P)

Receptors, beta-adrenergic, effect of halothane on (Marty, Nimier, *et al.*), 71 (Abs)
Recovery from anaesthesia, influence of alfentanil or fentanyl (Sold & Weis), 337
Recovery room, use of pulse oximetry monitoring (Mertzlufft, Jansen, *et al.*), 64 (Abs)
Regional anaesthesia, pharmacokinetic modelling of (Lauven & Stoeckel), 58 (Abs)
, myocardial function, effect of calcium channel blockers on (Foex), 56 (Abs)
Respiratory drive, CO_2 response and respiratory timing in children anaesthetized with halothane, enflurane or isoflurane (Lindahl & Johannesson), 313
Reversal of neuromuscular block by edrophonium or neostigmine (Mirakhur), 411
Ro 15-1788, effect on reversing central effects of flunitrazepam (Jensen, Kirkegaard, *et al.*), 113
Rudolf Jansche, Honorary Diploma, 301

Safety, checking of anaesthetic equipment (Kilian), 211
, of anaesthetic equipment (Seminar) (Sykes), 197
, of anaesthetic equipment, current approach of manufacturers (Frankenberger), 215
, of current anaesthetic practice in France (Noviant), 206
, standards in the Netherlands in anaesthesia (Crul), 213
SIGH and PEEP, effect on arterial oxygenation (Fassoulaki, Codeli, *et al.*), 67 (Abs)
Single-twitch decay, time constant of during induction of neuromuscular block with atracurium (Romano & Molassi), 303
Sodium bicarbonate, effect on tissue pH in rats with severe metabolic uraemic acidosis (Rothe & Heisler), 269

Sodium nitroprusside, decay after infusion (Cole & Vesey), 63 (Abs)
,-induced hypotension, effect on hormonal response with captopril pre-treatment (Jacob, Bonnet, *et al.*), 101
Spinal analgesia, influence of diclofenac on blood loss during prostatectomy under (Bricker, Savage, *et al.*), 429
Standards, for anaesthetic equipment (Thompson), 209
, of safety and care in anaesthesia in the Netherlands (Crul), 213
Stress-induced variations in physiological variables, influence of psychological traits (Grabow & Schilling), 77 (P)
Sudden infant death syndrome (SIDS), problems in home monitoring (Josten), 75 (P)
Survey of current anaesthetic practice in France, possible future improvements (Noviant), 206
Sympathetic response to acute haemorrhagic shock, effect of calcium antagonists (Pollard, Fletcher, *et al.*), 369
Sympathoadrenal response to tracheal intubation (Smith, Shribman, *et al.*), 61 (Abs)

TEC and VAPOR vaporizers, low flow accuracy of (Gilly, Fitzal, *et al.*), 73 (P)
Temazepam, versus flunitrazepam as premedication (Irjala, Kanto, *et al.*), 435
, comparison with papaveretum and hyoscine for premedication (Goroszeniuk, Albin, *et al.*), 261
THAM (Trishydroxymethyl aminomethane), effect on tissue pH in rats with severe metabolic uraemic acidosis (Rothe & Heisler), 269
Time constant of single-twitch decay during induction of atracurium block (Romano & Molassi), 303
Tissue pH following therapy for severe metabolic uraemic acidosis in rats (Rothe & Heisler), 269
TOF (train of four), use for defining time constant of single-twitch decay with atracurium (Romano & Molassi), 303
Tourniquet pain and haemodynamic responses, effect of fentanyl and bupivacaine mixture extradurally (Rucci, Trafficante, *et al.*), 167
Tracheal intubation, contribution of laryngoscopy to sympathoadrenal response (Smith, Shribman, *et al.*), 61 (Abs)
Tubocurarine, antagonism of block by edrophonium or neostigmine (Mirakhur), 411
, dose–response curve of, comparison of single and cumulative dose techniques (Gibson & Mirakhur), 143
TURP (Transurethral prostatectomy) under spinal analgesia, influence of diclofenac on blood loss (Bricker, Savage, *et al.*), 429
Twitch, tetanic and post-tetanic responses of rat neuromuscular junction after atracurium (Wali & Suer), 45

VAPOR and TEC vaporizers, low flow accuracy of (Gilly, Fitzal, *et al.*), 73 (P)
Vaporizers, low flow accuracy of (Gilly, Fitzal, *et al.*), 73 (P)
Vecuronium, a new infusion design for (Ostergaard, Engbaek, *et al.*), 87
, post-operative morbidity in day-case laparoscopy (Sengupta, Skacel, *et al.*), 93
Venepuncture, pain during, effect of EMLA cream in children (Cooper, Gerrish, *et al.*), 441
Verapamil, cardiovascular depressant effect in dogs, accentuated by bupivacaine (Edouard, Froidevaux, *et al.*), 249
, effects on sympathetic response to acute haemorrhagic shock (Pollard, Fletcher, *et al.*), 369
Volatile agents, effects on CO_2 response, respiratory drive and timing (Lindahl & Johannesson), 313

S = Symposium presentation
Abs = Abstract of papers at the Annual Meeting
P = Poster at the Annual Meeting
C = Correspondence

Contents

Volume 4, Number 1, January 1987

F. SERVIN, I. ENRIQUEZ, M. FOURNET, J. M. FAILLER, R. FARINOTTI and J.-M. DESMONTS: Pharmacokinetics of midazolam used as an intravenous induction agent for patients over 80 years of age 1

J. M. HUNTER, J. M. KELLY and R. S. JONES: Atracurium infusions in major ophthalmic surgery 9

A. KOENIG, U. D. KOENIG, B. BINHOLD and H. STOECKEL: Differences in lymphocyte mitogenic stimulation pattern depending on anaesthesia and operative trauma: *II. Combined neuroleptanaesthesia* 25

A. KOENIG, U. D. KOENIG, B. BINHOLD and H. STOECKEL: Differences in lymphocyte mitogenic stimulation pattern depending on anesthesia and operative trauma: *II. Combined neuroleptanaesthesia* 25

E. GEPTS, W. A. SONCK, F. CAMU and A. VERCRUYSSE: Pharmacokinetics of intravenously administered meptazinol during general anaesthesia in man . . . 35

F. A. WALI and A. H. SUER: Effect of atracurium on twitch, tetanic and post-tetanic twitch responses at the rat neuromuscular junction 45

Proceedings of the European Academy of Anaesthesiology 8th Annual Meeting, Barcelona, 19–22 June 1986 55

Correspondence 81

Book reviews 81

Volume 4, Number 2, March 1987

D. ØSTERGAARD, J. ENGBÆK, H. ØRDING and J. VIBY-MOGENSEN: A new infusion design for atracurium and vecuronium 87

P. SENGUPTA, M. SKACEL and O. M. PLANTEVIN: Post-operative morbidity associated with the use of atracurium and vecuronium in day-case laparoscopy . . 93

L. JACOB, F. BONNET, C. SABATHIER, B. CHIRON, F. LHOSTE and P. VIARS: Hormonal response to captopril pre-treatment during sodium nitroprusside-induced hypotension in man 101

S. JENSEN, L. KIRKEGAARD and B. N. ANDERSON: Randomized clinical investigation of Ro 15-1788, a benzodiazepine antagonist, in reversing the central effects of flunitrazepam 113

E. TØNNESEN, M. S. HÜTTEL and N. J. CHRISTENSEN: Natural killer cell activity in patients undergoing minor gynaecological surgery 119

J. G. WANDLESS: A comparison of nalbuphine with morphine for post-orchidopexy pain 127

A. P. VICKERS and B. REVENÄS: Acute methanol intoxication: *a survey of patients requiring intensive therapy* 133

F. M. GIBSON and R. K. MIRAKHUR: Dose-response curves for pancuronium and tubocurarine: *comparison of single and cumulative dose techniques* 143

P. CALLANDER, D. HUMPHREY and J. G. BROCK-UTNE: The use of gastrozepin as a prophylaxis against pulmonary acid aspiration: *a new muscarinic receptor antagonist* 149

European Diploma in Anaesthesiology 155
